

# DATACARD® CARD PRINTERS

Redefining Expectations  
for Innovative Card Printing

## INNOVATION REDEFINED

Datacard® card printers deliver the essential technologies and dependable performance you need to issue visually stunning personalized cards. Whether you are printing secure IDs, loyalty cards, membership cards or cards for other applications, this broad selection of printers can satisfy your requirements for security, quality and value.

### PROVEN RELIABILITY PLUS SUPERIOR QUALITY

What customers like most about Datacard card printers is their proven, real-world reliability. These durable, long-lasting printers provide smooth, easy operation and they protect your investment. Outstanding reliability is the direct result of our high-quality design and manufacturing processes.

### FROM A WORLD LEADER IN SECURE ID SOLUTIONS

Unlike other manufacturers, Datacard Group specializes in end-to-end solutions for secure IDs. Customers around the world insist on the Datacard® brand because our solutions incorporate advanced technology to solve critical issues in many markets. We also continuously develop innovative features that increase durability, speed and output quality. The end result is exceptional customer satisfaction.

When you want to enhance security, loyalty, profitability or member satisfaction, the choice is clear — Datacard card printers.

#### SP25 Plus Card Printer

##### AFFORDABLE AND FLEXIBLE

The SP25 Plus card printer offers a unique combination of full-color and rewritable card printing capabilities.

- Designed for low-volume, manual-feed applications
- Inexpensive to own and operate
- Ideal for retail/loyalty, membership, smaller organizations

#### SP35 Plus Card Printer

##### EASY AND CONVENIENT

Exceptionally easy-to-use, the SP35 Plus card printer delivers everything you need to print vivid, one-sided color cards.

- Compact, plug-and-play design
- Simple to master — in minutes
- Built for education, healthcare, staff IDs

#### SP55 Plus Card Printer

##### FAST AND VERSATILE

With the fastest speeds in the line, the SP55 Plus card printer maximizes productivity for printing on one or two sides of the card.

- Built-in LCD and Ethernet
- High-capacity input/output hopper
- Perfect for casino/loyalty, education, corporate IDs

## SP75 Plus Card Printer

### SECURE AND DURABLE

The SP75 Plus card printer produces highly secure IDs and can be configured with one or two lamination stations.

- Applies different laminates to the front and back of the card
- Theft deterrent software and hardware lock suite
- Designed for secure corporate, university and government IDs

## RP90 Plus Card Printer and RL90 Card Laminator

### ADVANCED IMAGING

The RP90 Plus card printer employs retransfer technology to print on longer lasting non-PVC cards that offer higher durability.

- Issues contact and contactless smart cards, proximity and dual-interface cards
- One-sided lamination station applies Datacard® DuraGard® laminates

*Datacard Certified Supplies featuring Intelligent Supplies Technology™ help ensure superior image quality, consistent card printing and outstanding performance when used with Datacard card printers.*
